spectacles and carry a spare set
of spectacles

MED.A.020 Decrease in medical fitness

(a)

Licence holders shall not exercise the privileges of their licence and related ratings or certificates at any time when they:

- (1) are aware of any decrease in their medical fitness that might render them unable to safely exercise those privileges;
- (2) take or use prescribed or non prescribed medication that is likely to interfere with safe exercise of the privileges of the applicable licence; or
- (3) receive any medical, surgical or other treatment that is likely to interfere with flight safety

(b)

In addition, licence holders shall, without undue delay, seek aeromedical advice when they:

- (1) have undergone a surgical operation or invasive procedure;
- (2) have commenced the regular use of any medication;
- (3) have suffered any significant personal injury involving incapacity to function as a member of the flight crew;
- (4) have been suffering from any significant illness involving incapacity to function as a member of the flight crew
- (5) are pregnant;
- (6) have been admitted to hospital or medical clinic; or
- (7) first require correcting lenses.
